NO. 21

Endeavor Program

Subject for Sunday, May 30, "The Call of Foreign Missions." All members will be expected to give some good thoughts on the subject.

Judge Benton Opens Campaign.

Judge Benton opened his campaign for the nomination for Circuit Judge of this district, at Winchester last Monday, and the opera house was crowded to the doors to hear him. Judge Benton spoke for two hours, outlining his career on the bench and refuting many of the "campaign lies" that have been passed around by some of those opposed to him. He explained the attitude of some who are working against him, and left it to the voters to say who was right. It is quite probable that Judge Benton will address the Powell county voters within a short time.

A Dog Fish?

A huge fish, with a head like a bird's extending a foot from its head, which barked like a dog as it attacked a rowboat with sufficient force to capsize it, was described here as the "monster" which fought a twenty-minute battle with Arthur A. Lennon, a Joliet merchant, and Lem Northern, proprietor of the Hotel Monroe. The fishy fight was witnessed from the bank by Harvey E. Wood, Mayor of Joliet, who declares he saw the creature leap from the water half way into the boat, bite Northern on the leg, and heard it bark furiously.—Ex-

RELIGIOUS.

Rev. L. F. Mann will preach at the Vaughns Mill Christian church next Sunday the fifth Sunday this month at eleven o'clock. Subject for discourse, "The Two Covenants."

Can You Spell?

At Kokomo, Indiana, a few days ago the superintendent of school held a spelling contest. Every person of the city was eligible and six hundred took test. Of that number fifty-two made a perfect score.

Newspaper men, doctors, lawyers, merchants, teachers and scholars submitted lists of twenty words each and from that total twenty words were selected. The complete list with the number of times each word was misspelled follows: Miscellaneous, 364; calendar, 322; parallel, 273; privilege, 270; superintendent, 248; principle, 242; niece, 223; lose, 201; separate, 196; disappoint, 177; disease, 164; principal, 112; necessary, 117; business, 130; relieve, 125; receive, 109; truly, 85; government, 84; grammar, 79; believe, 73.

One woman, who made a perfect score, had been a servant for sixtythree years and had only eight weeks schooling. A county official, who had been in business all his life, missed every word. Another man only got one right. One woman missed all but three.

Here are the words, arranged in the form of two sentences. Hand this to a friend, ask him to dictate the sentences to you, write down the word and see how many you misspell:

"The privilege of separating ninety miscellaneous calendars, arranged in two parallel lines, was against the principles of the superintendent, so his niece, not to disappoint the government, nor cause it to lose business, removed the principal calendars and thus relieved her uncle of a strain which might have brought on a disease. Then she believed it had become truly necessary for her to receive her instruction in grammar."

Old Papers for Sale at The Times Office.

STANTON.

(By P. O. Derthick.)

Mrs. Hall of Lexington is visiting her many relatives and friends in Stanton this week.

Miss Ethel Hurst of Jackson is visiting her friend Miss Anna Clark during Commencement.

Mr. and Mrs. Andrew Yocum of Hatcher's Creek are the proud possessors of two brand new boys which arrived early Monday morning.

Mr. and Mrs. Ben Sewell of Jackson came down Sunday for a visit with Mr. and Mrs. Wm. Hardwick. Ben returned to his work at the bank Monday.

Jimmie Willoughby of Hatcher's Creek had the misfortune to fall on a snag which hit him in the face inflicting a terrible laceration.

Mrs. V. E. Atkinson of Beattyville was down this week visiting with her parents at Filsom and her many friends and relatives in Stanton.

Miss Palmer of Middlefield was visiting Miss Beatrice Blount this week.

Miss Sylvia Skidmore of near Mr. Sterling is visiting her many friends in Stanton during Commencement week.

Mr. and Mrs. John Davis and daughter, of Lima, Ohio, are visiting Mrs. Davis' parents, Mr. and Mrs. Auce Norton this week.

Dave Lucas was given the custody of a boy at Winchester who had been sentenced to the reform school for stealing a bicycle. The boy remained with Mr. Lucas two days and then lit out for parts unknown.

Mr. Van Tipton of Rosslyn spent several days here visiting with his former school mates and friends during Commencement week.

Miss Mable Ewen is home from teaching school at London, Ky., after a very successful years work.

Mrs. Clarence Atkinson and daughter Marion, of Beattyville, are spending Commencement week visiting her parents Mr. and Mrs. James Ewen and other friends in Stanton.

Misses Julia and Bulah Robins of Hatton Creek took the teachers examination at Morehead Friday and Saturday and both received second class certificates.

We trust that there will be a number who will go to Nada Sunday to the District Sunday School Convention. Services will commence promptly as soon as the train arrives there and dinner will be served so that those who wish to remain that day can do so. The Nada people are looking for a splendid crowd.

Miss Frances Kabelle of Goldfield, Iowa, who was a former teacher in our college writes that she is doing fine in her school work now. She has a splendid position in a town near her for the coming year. On account of

sickness Miss Kabelle was not able to teach for several weeks. She had to undergo an operation and have the bone removed from her ear that gave her so much trouble when she was here.

The house of John Will Morton was struck by lightning last Saturday and set fire to the bed in one of the rooms. The fire was soon put out but that members of the family escaped death is a miracle. Miss Laura Morton was stunned by the bolt as she was very close to where it struck. All in the house felt the shock. Some weather boards were knocked off but otherwise little damage was done.

Depositions were taken Tuesday at the Court House by M. A. Phillips, attorney against the college. Whether Mr. Phillips and the others succeed in dissolving the present state of affairs between the college and the state little matters as the college will go on next year, so Prof. Hanley announced at the close of the graduation exercises. Practically everybody in the county was glad to know that we will not lose the college.

COMMENCEMENT EXERCISES.

This has been one busy week of recitals, entertainments, lectures, ball games and addresses. On Thursday night the English class of the college gave an entertainment consisting of original productions. As there are so many things to report this week the writer will have to be brief but he wants to commend each one who took part. The story by Nannie Flanders was fine and we all enjoyed it. We couldn't understand what Beatrice was reciting to us, whether it was a love poem or something serious but from the way she gave her German poem it held our attention to the last. Mr. Herbert Jones gave a prophecy for the year 2000 which we hope will come true though in the mighty conflict going on among the warring nations it looks doubtful now. Miss Opal Frazier gave a splendid poem. Whatever Opal does is always fine and she deserves credit. Miss Jamie Folks told us a story that is far ahead of many that we read in the story magazines and she will some day be a great authoress if she continues this line of work. Her description of the mountains was vivid and real to us. Of course George Derickson was good. He always is. George knows how to make people laugh with his wit and

that is a great art. The program of the evening was interspersed with beautiful selections from Prof. Hanley's Victrola. Mrs. Hanley awarded the prizes that had been given by each speaker during the class of the year. On Friday night came musical recital. It was far above average and showed the splendid work that Mrs. Sleeth has done with her pupils. Mrs. Sleeth is, without question, the finest music teacher the college has ever had, and we hope that special efforts will be made to induce her to stay in Stanton.

Saturday night Dr. Johnson delivered a splendid lecture on the fly. It was illustrated with stereoscopic views by Prof. Earle Sleeth.

Rev. T. H. Hanna, of Bloomington, Ind., preached the Baccalaureate sermon Sunday morning and also preached at the night service at the Presbyterian church.

Monday night the Todd Medal contest brought out a splendid crowd, and the five young ladies entered in the contest gave them a splendid entertainment. Miss Beatrice Blount was the winner, but all were good and deserve great credit for their work. The judges were Rev. T. H. Hanna, Rev. Mr. Carleton and the writer.

Tuesday night the graduation exercises took place and the rain that came up just at the time when people were ready to start kept over half of the people away. It looked for a time as if there would be a terrible storm but it cleared up somewhat so that a fair sized crowd was out. The graduates were Anna Clark, Maxaline Johnson and Charley Crowe. Their orations showed talent and care in their preparation and were well delivered.

Rev. T. H. Hanna gave a good address, as did Prof. Hanley, in presenting the diplomas. Charley Crowe, as high honor graduate, received a \$50 scholarship to Muskingum College.

Dogs Kill Sheep.

Judge W. C. Taylor, of Clark county, suffered a severe loss Monday night when dogs got into his sheep field and killed and maimed 22 sheep and lambs.

Judge Geo. B. Nelson's flock was also raided by the dogs and 11 ewes and lambs killed. Two of the dogs were killed.

This makes a total of 63 sheep and lambs killed in Clark county in two days.

NOTICE!

Bettie Hardwick &c. Pltfs.
Vs.
Sonthey Lacy &c. Dfts

All persons having claims against the estate of A. M. Swango, Deceased, are hereby notified and required by law to file same with the undersigned Master Commissioner of the Powell Circuit Court, at his office in the court house in Stanton, Ky., on or before the 7th day of June, 1915, and all claims not so proven and filed by said date shall be barred in the distribution of said estate.

ROMULUS JACKSON,
Master Commissioner Powell C. C.

Jessamine is for Benton.

It can be said that Judge Benton has a walkover in Jessamine County. The editor of the Sun has often heard that this county stood solid for Judge Benton, but feared that it was probably too good to be true. However, as Monday was court day there, we thought we would make a trip to learn if this was the fact and were greatly gratified to know that the report had not been exaggerated. We know that all the counties in Judge Benton's district are going to roll up nice majorities for him, but we are sure that Jessamine will do more than its part in giving him one of the largest majorities a candidate ever had.

During the day we interviewed a number of the most prominent men in that county and we were unable to find a single man who opposed him.—Winchester Sun.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

J. Cheney & Co., Toledo, O. The undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

National Bank of Commerce, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

Advertising in The Times will pay you. If you don't believe it, let us convince you by a trial.

Cooper Tells Why Tanlac is Popular

Because the Preparation Contains Real Merit, He Says in Statement.

"If I have been successful with Tanlac," says L. T. Cooper, "it is because the preparation contains real merits."

"Tanalac is the result of many years of arduous study by my principal chemist. In fact, the two of us have carefully watched its development from the beginning of the experimental tests to its present high state of efficiency."

"In cases of catarrhal affections of the mucous membranes, stomach, liver, and kidney complaints, I believe there is nothing so far discovered that will equal the action of Tanlac."

"Ever and anon someone suggests something that may tend to better our conditions, whether it may pertain to our health, our business, or our sociological state. It has, therefore, been my pleasure this time to offer to the world Tanlac."

"When I came to Louisville, I stated that the success of the medicine would be as great in this city as it was elsewhere. I offered Tanlac upon its merits, knowing full well that it would prove satisfactory if properly tested."

"The success the preparation has achieved here in Louisville is ample evidence that my confidence in Tanlac is well placed."

"A large percentage of your best people are now using the preparation, and they are daily testifying to its excellent worth as a medicine of exceptional value in instances of catarrh, stomach, liver, and kidney derangements, nervous debility, and in cases where a superior tonic is required."

"Tis true that the demand for Tanlac has been large, but no larger than I had expected. Louisville is only awakening to an appreciation of the full value of such a preparation. Tanlac's success in your city will be even greater."

Tanalac, the premier preparation, is being introduced in Clay City by Eaton and McGuire and in Stanton at Harlick & Co's.

Neuralgia Pains Stopped

You don't need to suffer those agonizing nerve pains in the face, head, arm, shoulders, chest and back. Just apply a few drops of soothing Shan's Liniment; lie quietly a few minutes. You will get such relief and comfort! Life and the world will look brighter. Get a bottle to-day. Bounces for 25c. at all Druggists. Penetrates without rubbing.

John Deere No. 999 Planter

"OBLIQUE SELECTION" is the name given this perfect seed dropping device which repeated tests show is as far ahead of the old edge drop as the edge drop was ahead of the round hole plate. It takes its name "Oblique Selection" from the fact that the surface of the hopper bottom and the openings to the seed cells are oblique or sloping. With the old edge drop the kernels had to be tipped on edge before they could enter the cells at all. The weight of the corn in the hopper interfered with this action—consequently cut down the accuracy. By doing away with the necessity for tipping the kernels over into a narrow, vertical seed channel and having in its place the gradual sloping walls, the weight of the corn, or gravity, helps instead of hinders the movement of the corn entering the cells of the seed plate. Each cell therefore fills more readily.

With the new John Deere Oblique Selection, the seed is handled in a more natural and simple manner. It has been called the "NATURAL" drop because the kernels of corn as they lie on the bottom of the hopper naturally move toward and slide into the cells. In other words, with this drop the weight of the corn is turned to advantage.

Nothing will ever take the place of accuracy in a corn planter. The shrewdest corn growers have realized this for some time and the demand for corn planters that will demonstrate their accuracy in drop has steadily increased. Do not buy any corn planter without testing its drop for accuracy.

VARIABLE DROP ENCLOSED GEARS

This planter has a variable drop, consisting of gears constantly in mesh, and with this device, two, three or four kernels can be planted as desired, by merely shifting the foot lever.

Practically all other so-called Variable Drop planters are only "SEMI-VARIABLE"—i. e., they vary the number of kernels of grain, in hilling, but do not vary the distances in drilling.

This is a FULL VARIABLE Drop planter, both for HILLING and DRILLING, as it also varies the distance in drilling as well, giving a greater variety of distances than the ordinary planter and without the use of extra sprockets and plates.

All corn plates on the No. 999 Planter have 16 cells. Therefore, we get the same drilling distances with this plate as can be obtained on other planters with the 8, 12 and 16 cell plates without change of plates.

When you want a planter that is scientifically and mechanically correct, that will drill or check corn accurately, be sure you come in and investigate the merits of the

Good Advice to
Poultry Keepers

Mr. Rickey, Expert Poultryman, Gives Advice About Roosters

The Bureau of Animal Husbandry, working in cooperation with the Kentucky College of Agriculture, is sending out circulars urging the farmers of the state to kill off their surplus roosters as soon as the breeding season is over. These roosters, being of no use to the flock, are the cause of much loss to the farmers, owing to the fact that the eggs, being fertile, will not keep as long as infertile ones. Every poultry owner would do well to read carefully the following article, and then act upon it.

Because roosters are allowed to run with laying hens during warm weather \$15,000,000 worth of eggs are lost to the farmers throughout the United States each year; and most of this loss occurs during June, July and August. For this reason raisers of poultry are earnestly asked and urged to kill or sell all matured males or confine them in pens away from the laying hens during the summer. Eggs that are laid by hens not mated are sterile or infertile, and do not decay. The fertilized eggs spoil very quickly when subjected to the influence of heat and if they are left long in the nests or under broody hens or are left in any very warm place the germs begin to develop, the chicks begin to grow. These growing cells may die at any stage of development due to unfavorable conditions.

Whether the embryo dies or not, the egg is useless as food and is unfit for market. If the wives of the farmers would once realize how much money they practically lose by allowing the roosters to run with the layers, they would immediately stop the practice. Not one egg more is produced with a male running with a flock of hens than without one, and unless the roosters are valuable as breeders, it is far better to dispose of them at the end of the breeding season and replace them with the younger stock the following spring. If we follow this plan we can always have good, strong, vigorous cockerels (young roosters) for breeders, and at the same time get rid of the care of non-producers. Let us at least make the most of what we possess.

Constipation Cured Overnight

A small dose of Po-Do-Lax tonight and you enjoy a full, free, easy bowel movement in the morning. No griping, for Po-Do-Lax is Podophyllin (May Apple) without the gripe. Po-Do-Lax corrects the cause of Constipation by arousing the Liver, increasing the flow of bile, Bile is Nature's antiseptic in the bowels. With proper amount of bile, digestion in bowels is perfect. No gas no fermentation, no Constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your Druggist now and cure your Constipation overnight.

Painting, Paperhanging, Decorating
Reasonable Prices—Satisfaction
Guaranteed

Miss Bernice Barnett spent from Friday till Tuesday with her cousin, Miss Nellie Ware, at Stanton.

Eld. J. T. Turpin has called in his appointment at Powell's Valley for the fifth Sunday, and instead preached there Monday night.

Miss Mabel Alberg, of Worcester, Mass., was the guest of Mrs. L. F. Mann one night last week. Miss Alberg was on her way to attend the summer school at Valparaiso, Ind.

We have received a very interesting letter from Rev. L. F. Martin, formerly of Rosslyn, but who is now living in Florida. Owing to a press of work the letter had to be held over for publication till next week.

The Powell county boys who went to Kansas a short time ago with the intention of making a fortune at farm work, have decided that the farther away from home one gets, the harder the living is, and they are coming back as soon as possible.

Since the change by which all the heavy freight from the east goes over the new line there has been very little trouble from slides on that road, and officials now think that their troubles in this respect are nearly ended.

There has been a change made in the firm of J. L. McCord and Co., of Winchester, and in order to settle the business up the firm are holding a mammoth sale. The goods carried by McCord and Co., are of the finest quality, and it will pay you to see their stock before buying. See their ad

in this issue.

Mr. Claude Todd, a prosperous young carpenter of Clay City, and Miss Lelia Christopher, popular and attractive daughter of Mr. H. T. Christopher of Spout Springs, were married, at the home of Shelton McKinney, Wednesday. The groom is a brother of Mrs. Franklin Margison of this place.—Estill Tribune.

Will Mountz returned Tuesday from Morgan county, where he has been for some time performing his duties as internal revenue officer. Mr. Mountz will leave in a few days for Harrison, Tenn., on business.

A good crowd from here attended the Commencement exercises at Stanton College Monday night, two or three wagon parties being arranged, as well as a number that went on foot and horse. All reported having a splendid time. The Clay City Band went up and their excellent playing was greatly appreciated by everyone present.

The boys have only been practicing a short time but they are making great headway and by the Fourth of July will be able to challenge any band in this section of the state.

The easiest way to become more familiar with your Sunday school work is to study the International Sunday Lesson each week in the Times. These lessons are prepared by one of the best Sunday School teachers in America, and are sent all over the country.

One of the worst hail storms for some years passed over part of Clark county last Friday, and did

considerable damage, particularly in Winchester. Hailstones, or rather chunks of ice as large round as a half dollar and half an inch thick fell for some minutes and a large number of window lights were broken. At one of the greenhouses nearly all the glass was broken. Some damage was done in the county to wheat and other crops, but the area covered by the storm was limited.

VOTES FOR WOMEN

"Uncle Joe, do you believe in votes for women?"

"No, sah, I don't. Maudie's got all de money dat's good for her now."

Save the Day!

Jim Snedeker, an East Tennessean, had been to meeting and remembered it when his mules balked at pulling the wagon out of a mudhole. "Git up thar, Huck an' Wheeler," he shouted, "an' if it wasn't the Lord's holy Sabbath day I'd lick hell outen you!"—New York Evening Post.

Confines Himself to Advice.

You may have observed that the average man seldom does the things he is constantly telling others they should do.

"Bankrupt."

The discussion on the etymology of the word "bank" in Mr. Justice Darling's court might have been carried a step further by the illustration of our term "bankrupt," says a London paper. The old Venetian money-changers and lenders carried on their business at a stand or bench (banca), and when one was unable to meet his obligations his "banca" was broken (rupta).

Where Nature Is Most Generous.

There are few places where nature has hidden her gifts so bountifully as in Cuba. This is especially true about the tropical fruits of that region.

Cleanliness and Economy
